Subscription \$1.50 a Year

## Forward Movement Entertainment Success

The Inter Church Forward Movement banquet and entertainment held in the Masonic Hall on Friday evening last was well attended and proved very interesting and instructive.

The supper was all that could be desired and once more proved the reputation of the ladies here has long been awarded as second to none in the culinary art, and the bountiful supply of coffee was most heartily patronized.

Owing to a slide in the mountains the train from the west was cancelled and Arch Deane, Hayer, Dr. Stanley and Mr. Savary were unable to reach here. The train from the east was also late that evening and it was about 9 o'clock before Dr. McRae and Dr. Wedgate arrived.

Rev. Canon Gibson presided as chairman and last on the program was the address of Dr. McRae, the first speaker of the evening, who in a very convincing address made known the aims and objects of the new organization and told of the wonderful work already accomplished throughout the world by the Forward Movement.

Dr. Wedgate commended the complete attention of the assembly and is generally admitted as the best speaker that has ever addressed an audience here, his intensely interesting theme materially aiding him. He spent two years in a German East African prison, during which time he dwelt from a strong man weighing 250 pounds to a weakling of about 150, being held as a spy.

From his experience in Africa as a missionary and referring to the great world war he convincingly argued that now as never before there was need of a great forward movement throughout the world to complete the work of civilizing and Christianizing the world, which he contended the Lord had sent it to make use of the allied armies in victory over the enemy in strategy. Before concluding he mentioned he would speak Sunday evening on his experience in Africa in St. Andrew's church.

After the address the Rev. B. N. Matthews in proposing a hearty vote of thanks most generously offered the use of Union Church for the Sunday night, pointing out it being a larger hall it contained a much larger congregation, and invited St. Andrew's to bring their books and conduct their regular service in Union Church.

Amazons Union Church was filled to the doors Sunday evening and Dr. Wedgate, although far from well, delivered another thrilling address that held the congregation throughout.

Mr. R. Dobson and Mrs. J. J. McArthur and Mr. Jones and Miss Marian Walsh were awarded first and second prizes at the Contest Dance Friday night. This was the first appearance of the "Big Four Orchestra" and although two extra members failed to reach here owing to the train being cancelled, they received many nice compliments on the quality of their music. The lunch supplied by Mrs. Walsh was also highly commended and all appeared to enjoy themselves.

The Yola club drives are proving very popular and will be continued every Monday night until further notice at 8:15 sharp in the parking lot. Good prizes and good times. The ladies will supply lunch.

First Monday in each month, Public School Teachers meet.

## Drought Sufferers Now in Need

Send Donations to The Gleichen Women's Institute Box to be Packed Saturday Afternoon

Clothing, food and fuel are urgently needed in the drought stricken area of Southern Alberta. The Gleichen farmers had troubles last year, but our friends further south for the third year suffered crop failure, which combined with the higher cost of living makes their lot very hard especially during the cold weather. The Call feels that all required is to let the Gleichen people know their southern brother farmers need help and it will be forthcoming.

The Gleichen Women's Institute will pack another box for shipment to these farmers next Saturday afternoon and ask all who can to send in donations of clean warm clothing to The Call office.

## Two Hockey Matches Thursday BASSANO vs. GLEICHEN

Tomorrow night—Thursday—there will be a double-header hockey match at the Gleichen rink between the Bassano and Gleichen intermediates and juveniles. These two games promise to be the most exciting of the season and every Bassano and Gleichen roster will be present.

## ARROWOOD

Several were baptized into the Bow Valley church last Sunday.

A new school van is now in operation, making a total of four in use.

The U.F.A. held a meeting Monday evening. A full report will be given next week.

A. L. Pelkon has purchased the W. section 24-24-21, which he expects to farm with his original section 22.

The parents of Mrs. E. H. Irwin, who live in Orville, Wash., are spending a few weeks visiting in the Irwin home.

\$125 of the proceeds of the box social will be used for play ground and athletic equipment for the school. Another \$100 of the proceeds of the evening made the first payment on a school piano.

Word has been received from Culpeper, Va., stating that J. W. D. Woodward is feeling much better than when he left here a few weeks ago. His many friends regret his ill health.

The two groups in the C. W. society of the Bow Valley church came and enjoyed a very interesting and profitable evening, rapidly getting into form and acting.

## The Cluny Busy Store Spring Stock Reducing Sale FEB. 7th to 15th

Great Reductions in Piece Goods, Underwear, Boots & Shoes, Ready-to-Wear Garments and Groceries.

## Billy Oswald Is Coming

WITH "I LOVE A LASSIE"

Local music lovers have a treat in store shortly when Billy Oswald returns to the Gleichen Opera House in his new musical play "I Love a Lassie". While the book is replete with laughable situations and clever witticisms which give Billy unlimited scope in his funnishing, no effort has been spared to make the musical end of the performance a feature.

The musical score of "I Love a Lassie" is mainly the work of two well-known English composers, Binnet Mills and James Whitehouse. The latter, who is acting as Mr. Oswald's musical director, has seen to it that each number is rendered in the manner intended by Mr. Mills and himself. Every member of the cast is a realist of abilities, especially chosen for this production by Mr. Whitehouse, personally. The twenty or more musical items listed on the program include solos, duets, trios, quartets, sextets and ensembles numbers which range in style from modern "Lassie" to authentic operatic selections. Some of the striking hits are "Sylvia", "Heart of a Rose", "The Vamp", "Tell Me Why", "Just a Pal", "Johnny and I".

## Presentation to James Cameron

It had been the intention to make a presentation to Mr. James Cameron the night the banquet was tendered him, but for several reasons it was found necessary to delay the gift, but last week a letter was forwarded to him at Swift Current with the undermentioned subscriptions, bearing the following:

"To Mr. James Cameron: A small token to express the regard of a few of your friends who wish you every success in leaving our district."

## MONTH OLD BABY HAD SKIN TROUBLE

On Face and Hands. Itched and  
Burned. Cuticura Heals.

"My baby was only a month old when her face and hands started to get red and scaly. The eczema started in the form of water blisters and itched and burned. She was so cross and fretful she could not sleep."

"This lasted nine months when I tried Cuticura Soap and Ointment, and I used three cakes of Soap with two boxes of Ointment when she was healed." (Signed) Mrs. Oscar Pilon, Amherstburg, Ontario, May 7, 1918.

Cuticura Soap, Ointment and Talcum are all you need for all toilet uses. Bathe with Soap, soothe with Ointment, dust with Talcum.

For free sample each of Cuticura Soap, Ointment and Talcum address postcard: "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

## Europe Misunderstands America

Among the more astute and well informed diplomats, statesmen and publicists of Great Britain and France, and to an increasing extent in the United States and certain European countries, the impression is growing that the glorious opportunity presented by the Peace Conference for the clearing up of international misunderstandings was not taken full advantage of, and that to a great extent that opportunity was wasted, with the result that many old misunderstandings remain and comparatively trifling difficulties are still exaggerated and rankle.

The underlying cause of failure to grasp the full opportunity presented is set down to a misunderstanding on the part of European statesmen and people of the constitutional powers of the President of the United States, and Mr. Wilson is blamelessly in that he apparently made little or no attempt to acquaint his conferees in the Peace Conference with the limitations of his office. Acquainted as European peoples are with prevailing systems of government in Great Britain, France, Italy, Belgium and other countries where it is necessary that the Government of the day command the support of a majority of the elected representatives of the people, they are puzzled by the American system where the Executive may continue to administer the affairs of government despite the fact that it may have lost the support of Congress.

During the war, the people of Europe were amazed and puzzled at the evidence of an almost autocratic power possessed by President Wilson, a power apparently far greater than that enjoyed by any British, French or Italian Premier. Now that the war is over Europe is even more intensely puzzled over the spectacle of the impotence of the President in securing American ratification of the Peace Treaty and its covenant of the League of Nations, which is regarded as essentially an American conception.

When President Wilson went to Paris he was looked upon as coming clothed with all the power to commit the United States to any policy to which he gave his support, and particularly so to such proposals as he advanced himself. When Premier Lloyd George or Premier Clemenceau gave their assent to any policy before the Peace Conference, the nations of the world knew that it would be accepted by their respective countries or their governments would forthwith resign. The general impression was that the same was true, possibly to an even greater extent, of the United States. And President Wilson did not dissipate that erroneous impression.

What Europe did not understand is that while it is possible, in theory, at least, for Great Britain and France to enter into treaties without the ratification of parliament, although in both countries parliament must vote the necessary money to make such treaties effective, in the United States the treaty making power rests with the Senate. All the President or executive can do is to negotiate a treaty, but it remains with the Senate to accept, alter or reject it. President Wilson, therefore, occupied an entirely different status at Paris to Lloyd George, Clemenceau, Orlando, and other European ministers. The people of Europe generally were not, however, aware of that fact. In the public mind of the old world, President Wilson was credited with powers he did not possess, and his attitude at Paris did nothing to remove the false impression.

Not only the Allies, but Germany, too, was deceived, or at least misunderstood the position. Germany relied implicitly on Wilson's famous "fourteen points," believing that should the very worst happen and they ultimately suffered ignominious defeat, as they did, they could fall back on the Wilson program as the basis of peace, and that the "fourteen points" covered the maximum of the demands that would be made and imposed by the Allies.

The inevitable result is, of course, that Europe and America still fail to understand one another. The outcome has left a bad impression, and the masses of the people who do not understand the American constitution feel that the United States has broken faith with them; that they accepted the League of Nations proposed by President Wilson when it is generally admitted a satisfactory and workable peace treaty could have been achieved in a relatively short time without the inclusion of the League covenant; and that now the United States haggles over and will possibly reject the policy for which President Wilson was the sponsor.

If, instead of going to Europe himself, President Wilson had sent envoys to negotiate the Peace Treaty, Europe would have better understood the situation, because President Wilson was only a negotiator himself and possessed no greater power—although wielding a greater influence—than any other United States delegate. His very presence at the Peace Conference, and, to put it mildly, his failure to enlighten Europe as to his actual powers and standing, is today the cause of much misunderstanding and some bitterness which might, and ought, to have been avoided.

## GET SLOAN'S FOR YOUR PAIN RELIEF

You don't have to rub it in to get quick, comforting relief

Once you've tried it on that stiff joint, sore muscle, sciatic pain, rheumatic twinge, lame back, you'll find a warm, soothing relief you never thought a liniment could produce. Sloan's Liniment keeps you from moping, wastes no time in applying, sure to give quick results. A large bottle means economy. Your own or any other druggist has it. Get it today. 35c, 70c, \$1.40. Made in Canada.

**Sloan's**  
Liniment  
Keep it handy

**Oil Adds to Canada's Wealth**  
The wealth of Canada will be added to enormously if the already known oilfields of the West prove to be as productive as expected, and if further discoveries are made. Petroleum has become an essential of industrial activity; great quantities are consumed, of which part is produced in Canada, but much is brought in, especially from the United States. If home production can be largely increased, the result will be more employment of labor in the country and less money sent out of it. Enlarged oilfields will put another stone in the foundation of development and prosperity.

## A Crime Almanack

Expert Steadily Collecting Statistics  
Nearly All His Life

The "Almanack of Crime" is the result of many years research by a well-known continental crime expert, who has been steadily collecting statistics for it nearly all his life. The origin of this unique almanack is very simple. Like a good many other people he thought not only that crime was more common during certain months of the year, but that certain crimes occurred more frequently in one month than in another. The compiler found that most cases of murder occurred in January, June and August, and fewest in November, December and February. The favorite month with poisoners is May, while the month they liked least was September. September, in fact, is one of the least "criminy" months in the whole calendar. Just as murderers dislike November and December, it was just these months that burglars and thieves generally got busy. Forgers, as one might have expected, chose round about quarter days more frequently than any other times in the year to show their skill.

## CHILDHOOD CONSTIPATION

Constipation—that disordered state of the digestive tract which is nearly always caused by improper feeding—can be readily regulated by the use of Baby's Own Tablets. These Tablets are a mild but thorough laxative. They are easy to take and are absolutely free from injurious drugs. Concerning them Mrs. Joseph Dion, Ste. Perpetue, Que., writes: "I have nothing but praise for Baby's Own Tablets. When my baby was three months old he was terribly constipated, but the Tablets soon set him right and now at the age of fifteen months he is a big healthy boy, and this good health I attribute entirely to the use of the Tablets." They are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

## White Fire Brick Clay

Valuable Deposit Is Discovered In  
Southern Part of Saskatchewan

A valuable deposit of white fire brick clay has been located in the southern part of Saskatchewan between the Dirt Hills and the boundary line. Tests which have been made by Andrew and Cruikshank, analytical chemists, of Regina, demonstrate that the find will be a considerable asset to the wealth of the province.

The clay, it is stated, it almost free from iron, and could be readily manufactured into fire brick, hollow tile, white glazed tile, and even some grades of porcelain. The locators, whose names are at present withheld from publication, are making the necessary arrangements to develop the property.

This is another illustration of the accuracy of the prognostication made by the Hon. Chas. Dunning in the Saskatchewan assembly, when he expressed the belief that in the clays of the province would be found some of the most valuable of the natural resources. He expressed the opinion that the time was coming when brick and hollow tile manufactured from Saskatchewan clay would largely replace the use of lumber in the construction of dwelling houses, as well as other classes of building, thus giving them a permanency which the lumber residence does not possess, and a big reduction in fire risk.

## Piles Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding piles. Stops irritation, soothes and heals. You can get restful sleep after the first application. Price 60c.

## Why Work At All?

Germany Reported to Be Working  
From Ten to Fourteen Hours  
a Day

A man owns what he has earned, if he has not been unfair to others. Nobody has a right to take it away from him without giving an equivalent. As long as we respect the rights and property of others there will be little trouble. Why discuss so much what ought to be done when everybody knows that the thing to do is to go to work and increase production? Germany is doing some talking; but is reported to be working from ten to fourteen hours a day. We are reversing that order of things. Among other things we are foolishly talking about the five and six-hour day. Why work at all?—Indianapolis News.

## British Slang Good Password

The following amusing episode was related by Sir William Sutherland at the dinner of the London Gaelic Society:

In Paris he met an Englishman who had just come from Budapest, which was then in the possession of Bela Kun and the Bolsheviks. The Britisher was anxious to quit Budapest, but was unable to obtain a passport, so he went to the station, sat in a train, and trusted to luck. The Bolsheviks came along and questioned him, but he made signs that he could not understand. Thereupon some higher officials took up the interrogation. What was his name, business, etc.

"Oh, buzz off, buzz off," exclaimed the Britisher, heatedly. The officials seemed greatly impressed, and presently a notice was pasted on the window of the compartment, the door locked, and the train moved off. The notice read: "This compartment reserved for Count Buzoff."

## Minard's Liniment Cures Garget in Cows.

## Relations With Germany Resumed

Lord Kilmarnock Leaves London to  
Assume Diplomatic Duties.

Lord Kilmarnock has left London for Berlin to assume his duties of British diplomatic representative at the German capital.

His departure marks an important step in the re-establishment of diplomatic relations between Great Britain and Germany which will be effected almost immediately.

Consuls and consuls-general will be appointed shortly by the two governments. Germany will be first represented in London by a charge d'affaires, but it is believed the rank will soon be raised to that of minister instead of ambassador as formerly.

## Shipment of Elk for the Banff Park

The first shipment of elk from Yellowstone Park to a point outside the United States has just been received at Rocky Mountain Park, Banff, Alberta, from Gardiner, Montana. Two hundred one and two-year-old elk were sent. Howard Siebold, chief game warden for Canadian parks, accompanied the shipment. Park officials at Banff are to reciprocate by sending mountain goats from Banff to Yellowstone if the park officials desire them.

## Have Earned a Place In Canadian Homes

DODD'S KIDNEY PILLS GREAT  
WORK FOR WOMEN

Is Once More Shown in the Case of  
Mrs. Robert Bell, Who Says She  
Can Never Thank Dodd's Kidney  
Pills Enough.

Golden Valley, Ont., Feb. 2nd.—(Special).—"I had kidney trouble. My nerves were bad. I felt tired all the time. I was all run down."

"My troubles are all gone since using Dodd's Kidney Pills. My appetite is good and I am increasing in weight."

These are the statements of Mrs. Robert Bell, a well-known and highly respected resident of this place. They must be of interest to thousands of tired, suffering women in Canada. Thousands of other Canadian women who have used Dodd's Kidney Pills know them to be true.

For Dodd's Kidney Pills are no experiment. They are a household remedy in thousands of Canadian homes. They have earned their place by the pains they have relieved and the health they have brought. Ask your neighbors about them. You can hardly fail to find women who exclaim with Mrs. Bell, "I can never thank Dodd's Kidney Pills enough."

## Automobiles in Japan

In a report on the types of automobiles that are most likely to find purchasers in Japan, an American consul throws an interesting light on certain aspects of Japanese motor traffic. Medium-sized or small automobiles are preferred, he says, because large cars are at great disadvantage in the narrow, crowded streets; and closed automobiles are preferred because there is so much dust in the streets and because in open cars, carefully arranged coiffures of Japanese women, who wear no hats, are blown into disorder. Moreover, it is possible to crowd an extraordinary number of passengers into a closed automobile without attracting undesirable attention.

If a man would have an untarnished name he should keep his doorplate well polished.

**PILES**  
Do not suffer another day with itching, bleeding or protruding piles. No surgical operation required, and as certain cure you can get at once. Sample bottle free if you mention this paper and enclose 3c. stamp to pay postage.  
Dr. Chase's Ointment will cure you at once. Dealers, or Kilmarnock, Bates & Co., Limited, Toronto. Sample bottle free if you mention this paper and enclose 3c. stamp to pay postage.

## ASTHMA

If you have Asthma, don't imagine that you must always suffer untold misery. Relief quick, sure and safe is guaranteed in even the worst cases by using

## TEMPLETON'S RAZ-MAH CAPSULES

We are so certain of results we will send you a free sample of these capsules, confident that you will find them all we have claimed. Write to Templeton, 142 King St. W., Toronto.

Sold by reliable druggists everywhere for \$1.04 a box.

## Mont Blanc Tunnel Project

French and Italian engineers have arrived to make studies on the ground for a tunnel under Mont Blanc, directly joining France and Italy. This project, which has been under consideration for many years, now appears near attainment, as both governments have voted preliminary credits to commence work. France has appropriated 45,000,000 francs, and Italy 40,000,000.

## With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freestone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freestone to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.

## Waterworks for Small Towns

The Advantages of a Common Water  
Supply With the Convenience  
of Tap Water.

Many of our moderate-sized communities have not availed themselves of the advantages and benefits of a public waterworks system. While some years ago only the larger cities could afford waterworks systems, modern progress has extended this privilege to the smaller towns and villages. The advantages of a common water supply with the convenience of tap water in each house, as against individual supply, need scarcely be pointed out. It is sanitary, convenient, cheaper in the long run, and greatly reduces the fire hazard. This last can be measured in dollars and cents in the reduction on insurance costs and consequent increase in value of property. Added to this, and perhaps of even greater value, is the assurance that the possibility of the entire town being destroyed by a conflagration has been immeasurably lessened.

That waterworks installations are not restricted to the large centres is plainly demonstrated in our own country. In our two larger provinces, Ontario and Quebec, there are over 180 public water systems for communities of 2,000 population or less, and nearly one-half of these have a population under 1,000.—L. G. Denis.

## Big Stock Firm Branching Out

A transaction of considerable importance and local interest has just been completed by the purchase of the extensive interests of A. E. Howse and the A. F. Howse Company at Merritt, British Columbia, by the Nicola Stock Farms, Limited, of which Major C. T. Goldman, M.P., is the head.

The deal includes the company's store, townsite and buildings, certain lands leased to the Kettle Valley Railway, a power site on Nicola river, 320 acres of land near Nicola river, 320 acres of land near Nicola, and the splendid Howse residence, the vendor retaining only six sections of timber land on Mill creek.

Don't get the idea under your hat that other people think as much of you as you think of yourself.

W. N. U. 1301

## Community Breeding Of Farm Stock

Many Are Operating Under the Companies Act or as Partnership Concerns

That the development of co-operative activity among Saskatchewan farmers should be community breeding of farm animals, is the opinion of W. Thomson, director of the co-operative organization branch of the provincial department of agriculture.

"Co-operative breeding of farm animals is a very important development in the improvement of livestock in recent years. Invariably good results have been obtained in the three registered co-operative community breeding associations in the province. Besides many are operating under the Companies Act or as partnership concerns which have the same aim.

"Co-operation in livestock breeding should be of the very greatest value to Saskatchewan at this stage, when such a good beginning has been made in establishing good herds of purebred stock. The spirit of co-operation is also greatly helped by a movement where the prosperity of one breeder in a locality assists in promoting the welfare of all his neighbors."

## Minard's Liniment Cures Distemper.

## Heavy Stock Movement

Large Shipments of Cattle Made from  
Southern Alberta.

During 130 working days from August 1 to December 31, 5,200 carloads containing 133,000 head of livestock were moved by the Canadian Pacific Railway in Southern Alberta. Over 1,100 head per day were handled or at the rate of forty cars, or one trainload a day. During much of the time, the movement was much heavier, reaching an average of one hundred cars daily for days at a stretch.

Of the 133,000 head moved, most of which were cattle, it is estimated that half went to Chicago. Probably twenty-five per cent. went to the Calgary, Winnipeg or other yards. The remaining twenty-five per cent. were shipments from one point to another for feeding purposes. Approximately 100,000 head passed out of the hands of Southern Alberta farmers altogether, finding their way to the block in the majority of cases.

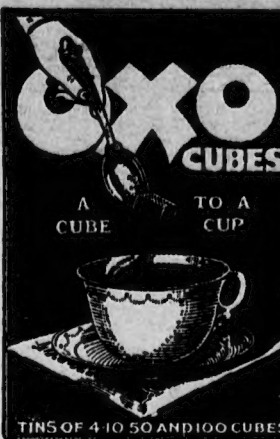

The heavy stock movement to the market during the fall accounts in a measure for the prosperity which is evident at the present time. The 100,000 head of cattle sold outright realized \$50 per head. This means \$5,000,000 new money brought into the district, all of which found its way into the regular channels of circulation.

Cardston was the heaviest shipping point in Southern Alberta during the five months, with 849 carloads, representing some 21,500 head, mostly cattle. This meant practically a million dollar turnover. The fact that it was even drier in the foothills of southwest Alberta last summer than in the prairie districts was one cause of the heavy movement from Cardston, which is also a gathering point for a large foothill area. Pincher Creek was the next largest shipper with 357. Lundbreck shipped 259 cars, Claresholm 332, Macleod 215, Nanton 143, Okotoks 104, Coult 108, Raymond 101, Magrath 118, and Etzikom 155. Lethbridge yards shipped 196 cars. All other points shipped less than 100 cars. In all there were sixty-two points making shipments, and one-third of the cars handling stock were box cars.

## Carrying On

"Have you had too much to eat dear?" asked the anxious mother.

"Not Yet," replied the child bravely.

## Irrigation Development In Southern Alberta

Government to Make a Survey of the  
Lethbridge Northern Project

Far greater sums than were expected at first will be involved in the irrigation schemes which the Alberta legislature will be asked to approve shortly. George Anderson, the California irrigation expert, who was commissioned by the provincial government to make a survey of the Lethbridge northern project, has completed his report, and it is in the hands of the cabinet ministers.

The report shows that while the Lethbridge northern scheme will mean an expenditure of about \$5,000,000, there is an available water supply sufficient to involve ultimately an outlay of \$20,000,000 on irrigation in Southern Alberta. It is the conviction of the government that the work will not be finished, but only begin, when the original Lethbridge scheme is provided.

The Government intends to base upon the engineer's report a recommendation to the legislature, and the whole matter will then be discussed in detail.

## One Great Essential To a Woman's Health Is Her Nerves.

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder, then, that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health. Mrs. P. H. Ryan, Sand Point, N.S., writes: "I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes, when I felt like a different person. I am never without them in the house, and recommend them to all who suffer with their nerves."

Price 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Conductor.—This car goes through without change.

Passenger.—That's why I boarded it. I'm in the same predicament myself.

When lovers form a combination an engagement ring is the result.

## ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" is the thumbprint of genuine Aspirin. It positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package. There is only one Aspirin—"Bayer"—You must say "Bayer!" Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Monoclonaldehyde of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

For your table drink  
the safest, satisfying beverage is

## Instant Postum

When tea or coffee disagrees—when fussed-up nerves tell you that either is harmful—order a tin of this rich, wholesome, satisfying drink.

You'll find it both economical and pleasing.

"There's a Reason"

## Eastern Canada

With more than 500 branches in Canada we have rounded out a system that offers to merchants, manufacturers, agriculturists, and individuals in Eastern Canada a complete banking service. Our Western connections afford special facilities for remittance banking. Union Bank money orders are a safe medium for sending money through the mails.

ASSETS EXCEED \$14,000,000

## UNION BANK OF CANADA

Cluny Branch . . . . . W. Somerville, Manager

## Blackfeet Indians Send Beautiful Memorial To The Prince

There was much disappointment amongst the Blackfeet Indians when it was made known that His Royal Highness the Prince of Wales was not able to visit the reserve owing to pressure of time. The chiefs, however, did not intend to allow the occasion to pass without expressing their loyalty to the heir apparent, and through the Rev. Canon Stocken, decided to present an album to the prince containing the photographs of their chiefs.

This arrangement has now been carried out by the chiefs and the album is shortly to be forwarded to his royal highness.

Both language and the inscription, which is in the English and Indian language, reads as follows:

"To His Royal Highness Edward Albert Christian George Patrick David, Prince of Wales and Earl of Chester, in the peerage of the United Kingdom, Duke of Cornwall in the peerage of England, Duke of Rothesay, Earl of Carrick, and Baron of Renfrew, in the peerage of Scotland, Lord of the Isles and Great Stewart of Scotland, K.C.M.G., G.C.B., etc. Greetings, Oh, My Chief. We shake hands with you. We are glad that we did not see you, although we had heard of you. This is the reason why we give you our portraits in Indian costumes. We met your father years ago, and his queen, and our hearts were glad. And now we heartily shake hands with you." The photographs are the work of A. H. Ross, the well-known Calgary photographer, while the leather back of the album, which is handsomely hand engraved, was executed by Riley and McCormick, Ltd., and the illuminated address by Chas. Stafford. The album is a work of art and the photos exceptionally good ones of our Indians and their suzerain, Canon Stocken brought it to the Call office that we might have a look at it before forwarding it to the Prince, when a number of town people had the opportunity of examining it, and the Indians also were allowed to see it.

The Canon says the Indians were very much disappointed that the "Boy Chief" did not come to see them or send for them to visit him, and seriously talked of an uprising, but he was able to satisfy them upon suggesting the album. Those whose photos appear in it all paid their own expenses to Calgary and each one also willingly contributed \$4 to pay for the work.

## Queenstown Women's Institute Annual Report

The new year dawned on us, with all the world rejoicing, because of the demobilization of the armies and the dawn of a new era, predated over by the angel of peace and victory, which opened for us a new channel of work and interest.

For four years our energies have been towards helping our soldiers in the trenches and in the hospitals. As true Canadians we helped Canada to do her part in the great struggle for peace and liberty, and now with the new year before us we turn our faces to the future, and will strive to help and cheer those in need and sickness.

During the year our meetings have been held regularly every month, twelve meetings being held, with an average number of twenty-five in attendance.

Meetings were held at the homes of members alternately, being opened and closed by singing. A lively interest was taken during the year in the program-ales, which provided entertainment at each meeting. Points were given for each song, recitation or reading, which were totaled at the

close of year and the victorious side bagged the defeated ones.

An annual election of officers held in January, 1919, and elected officers for year, showed the balance paid on cook books, totaling \$1.57 paid for printing.

In February we held a social evening with Mrs. Sider Hughes, of Calgary, to address us in the interest of blind soldiers, and we donated \$75 to the worthy cause.

In March we sent two delegates to the convention in Calgary, who brought back many items of interest and inspiration from master minds, to help us carry on our work with more zeal and interest, when we realize what a vast number of women are joined together in the great federation for "Home and Country."

Flower committees were formed in each district—North, south, east and west—to supply flowers in cases of sickness or death. We also held a short meeting with a delegation from the U.P.A., to consider steps to be taken for a local hospital, but nothing further has been done in this direction.

Three families have been relieved, who were suffering from the influenza epidemic, with groceries and necessities.

A Girls' Club was organized during the year with the regular officers installed.

We also had a short course of instruction in sewing, giving lessons to those who availed themselves of the opportunity afforded.

In July a social meeting was held at the Mills Hall, when Majorville and Field Hill members were invited. A splendid program was prepared and thirteen members supplied lunch to over 80 guests.

The school children also held a picnic on the grounds of U.P.A. Hall, and the day was an ideal one, everyone enjoyed one of the best days in the history of the Institute.

Great interest was taken in the School Fair and \$10 donated towards prizes. Also lumber supplied to arrange accommodation for peas and stalls for the show grounds, and tables for exhibit of school work and garden produce exhibited by the pupils of the different schools in the municipality of Queenstown.

On August 16th a banquet was tendered the victorious side of the program committee, by the defeated side, who furnished a very sumptuous repast and an excellent program; a very pleasant evening being spent.

Prizes were awarded to the best garden plots worked by the three schools—Queenstown, Corbie and MacGregor, subject to the decision of the judges, Mrs. W. Durston, Mrs. H. J. McPhee and Mrs. Kingsmill. MacGregor took first prize of \$10 and

## BUY AN IRRIGATED FARM FROM THE CANADIAN PACIFIC RAILWAY BECAUSE:

Irrigation makes the farmer independent of rainfall, and in sure good crops, not occasionally, but every year.

Irrigation makes possible the successful culture of alfalfa, the king of fodders, which insures good returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the years that it has been tried having absolutely demonstrated its success wherever it intelligently applied.

This is the most liberal offer of irrigated farm land on record. For full particulars apply to

ALLAN CAMERON, Gen. Supt. of Lands  
Canadian Pacific Railway, Dept. of Natural Resources, 928 1st St. E. CALGARY, ALBERTA

You can buy irrigated land from the Canadian Pacific Railway at prices up to \$40 per acre, with 20 years to pay and the privilege of a loan of \$2,000 for improvements

(6% interest); no principle after first payment until end of fourth year, reduced interest if settlement conditions are complied

with. If settlement conditions are complied with, no water rental for first year. Contract can be paid off before maturity if desired.

### New Canadian Pacific Tourist Cars

Did you ever examine the cars in  
which you travel year after year and  
notice the improvements made for  
your safety, convenience and comfort?

The Canadian Pacific Railway Com-  
pany has just perfected a new type of  
tourist cars, of steel construction. The  
outstanding advantages of the tourist  
cars are that it is a more economical  
though less luxurious, means of  
traveling than the standard sleeper,  
and also that a woman can prepare  
her own food in her own way in the  
tourist kitchen at the end of the car.  
For those who desire a trip at the  
minimum cost, the tourist car is  
ideal.

The new car remembers the babies,  
and so besides the range it possesses  
gas stove, where mother may speedily  
warm baby's bottle for him, she can  
keep her bottles in the refrigerator,  
where a receptacle is specially provid-  
ed for milk bottles.

She washes her dishes in the  
enamel sink, drains them on the sani-  
tary metal dresser and puts them  
away in a shining white cupboard.  
No need to scrub off, with a con-  
spicuously unpleasant smell of damp  
in any wood. The metal metal it  
is hygienic and will not rust.

When the children want a drink  
at they do twenty times a day, they  
no longer require to enter the dress-  
ing room for it. The water cooler,  
with sanitary cup, occupy a corner  
of either passage, easily accessible.

She who has never banged franti-  
cally on the dressing-room door can  
never realize all the ageing a woman  
lives when she knows her station in  
the second one off and some heartless  
creature holds up the door. Happily  
the Canadian Pacific Railway Com-  
pany has cared for the poor soul  
who may share in room large  
enough for three women to dress in at  
any time. There are three basins  
with a mirror over each, a long mirror  
in one door and a curtain inside the  
entrance to protect one from any  
casual newcomer. The clean towels  
are tucked in a box; the added ones  
are in a basket under the box. These  
rooms are absolutely sanitary—open  
to the air, contain fourteen sections,  
is finished in mahogany and rejoices in  
a strip of carpet down the middle of  
its floor.

"How light is it," a chance visitor  
remarks. This extra light is due to  
the windows having brass shades, the  
pane is not divided and the wood does  
not encroach on the glass. There are  
no deck chairs, only panel shades.  
"For a screen please," will soon  
be heard no more. The new cars keep  
the screens in position constantly so  
that when the glass goes over the  
screen comes down over the entire  
top of the car.

If one requires a porter during the  
night, all one does is "push the  
button." Each berth has an electric  
light and a push bell, and, joy of joys,  
a mirror. No excuse now for paring  
the side in curling papers. The  
lights under each lower berth shine  
out on the floor and save the shoes

of many who might stumble over  
baggage in the darkness of the car  
at midnight.

The berths are comfortable, the im-  
proved ventilators make cinders an  
unknown quantity, so the women  
who travel in them are sure to say  
the new Canadian Pacific tourist  
cars spell travelling comfort.

## Local and District News

Mrs. Barry is prepared to take orders for dressmaking at her home on Gleichen street.

Our old friend Billy Oswald will show again in Gleichen next Monday (is this a fact?—It is.) An everybody wants to see Billy.

By an oversight the Ladies Circle floral tribute was omitted from the list published last week of the late Thos. Hockvale offerings.

The Gleichen Women's Institute will hold a real old time Valentine social on Thursday evening Feb. 12 in the G.W.V.A. hall. Admission 5c.

David McEwen, wife and family left Friday to spend six weeks on the busy Pacific coast, before beginning operations for another bumper crop. Dave is one of our most prosperous farmers, who should soon be working on his second million, but he deserves a real holiday and is fully entitled to wear diamonds here below, for did he not pay his subscription in advance to "The Call" before venturing so far from home.

The skating carnival last night proved most enjoyable and a credit to South House, the managers, and the Big Four Skaters, who were tire in their efforts to please. The attraction of the evening was the exhibition of pair-skating and waltzing by Miss Mary McElroy and Mr. Harold McElroy, the champion pair-skaters of Western Canada. This exhibition alone was worth more than the admission, and many circled at the grace and ease with which these young people accomplished the difficult figures and kept perfect time in waltzing. The costumes were many and varied. Yankoy Plante making a first-class clown, kept the crowd roaring and carried off the comic prize, surrounded by the gold dust, Jerry, Stanley and Douglas Young. Robt. Taylor being awarded a special prize for the best costume as a Scotch laird and Miss Hanny Walsh won the man's as a sailor boy.

### COMING EVENTS

Feb. 8 and 7—"Revelation" at Gleichen Opera House

Feb. 9—Billy Oswald at Gleichen Opera House

Feb. 13—Leap Year dance Cluny Pavilion.

Feb. 20—Social Dance in Gleichen Opera House.

March 1—Chris. Bartsch's Auction Sale at Husar.

March 10—Auction Sale at J. H. Samson.

Every Monday—Whist Drive in G.W.V.A. hall.

## Royal Arch Installation

The installation of the officers of Boy Valley Chapter No. 10, E. A. Mason took place last Wednesday evening. It was expected that the ceremony would be conducted by Chaplain Chapter officers but after waiting till a late hour, owing to the disorganization of the train service, it was decided to proceed with the support and dance, both of which proved very enjoyable. As long about three o'clock in the morning, W. E. Mercer, assisted by Chaplain Chapter, Yates and Bates installed the following officers for 1920:

Ex. Companion R. P. Unbride. Z. P. McLean. . . . .  
" Duncan McEwen. . . . .  
Companion W. J. McMullen. S. E. W. W. Brown. . . . .  
S. N. R. E. Comp. A. H. Yates. . . . .  
Companion L. M. Webster. . . . .  
" W. Walsh. . . . .  
" A. W. Read. . . . .
